OPEN CITIES

EuroCities WG OD

- EuroCities: Network of more than 140 cities in 30 States across Europe from Helsinki via Amsterdam to Barcelona
- Knowledge Society Forum (KSF)
- NEW: Open Data Working Group, Chair: Berlin

Liberating public data is an important contribution to the knowledge society.

EuroCities WG OD

Objectives of the KSF WG Open Data:

- Publish an Open Data Guidebook for Cities
- Publish case studies and best practice
- Establish a forum of experts
- Identify and engage political „sponsors“ (to support the OD movement)
- Collaboration on a Wiki-based platform

WG OD will be a testbed for our OpenCities project
